

When
you want
ONE DISC
to do it all.

Delivering all the benefits you expect from a 3M™ Flap Disc at unexpectedly low prices.

For a versatile product that delivers fast cut, long life, and a smooth finish, try the new AZ Flap Disc 546D. Performance and price make these discs a great value and the flap design allows one disc to perform both the grinding and blending steps. Plus, the economic alumina zirconia mineral is ideal for lowering abrasive costs on both mild and stainless steel applications.

When removing small welds, beveling, or cleaning up surface imperfections, 3M's AZ flap discs can get the job done. Try the newest addition to the 3M™ Flap Disc Family today and experience the benefits of one disc, at one low price for your everyday metalworking applications.

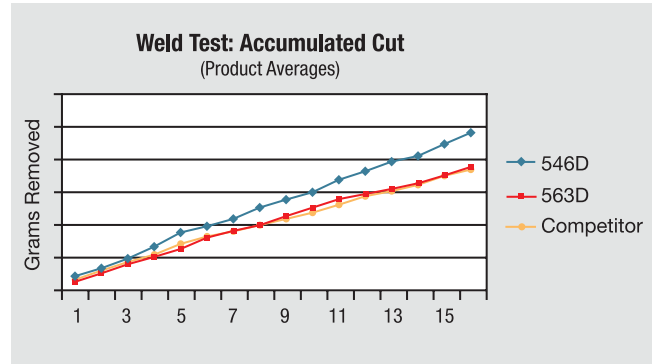

Speed. Life. Finish. Price.

Why use 3M™ Flap Disc 546D?

- Versatile AZ mineral works on a variety of metals and applications
- Great for blending and removing welds
- Excellent choice for refining the finish on flat surfaces
- Consolidate grinding/blending steps to reduce processing time
- Excellent mineral retention
- Backing wears away evenly exposing fresh, sharp new mineral
- Reduce your cost per grind and overall abrasive spend

Features

- Available in Type 27 (Flat) or Type 29 (Angled) constructions
- Available with a 7/8" Center Hole or 5/8-11 "Quick Change" Hub
- X-wt. cloth backing
- Alumina zirconia mineral
- Tough fiberglass backing

Great Product, Great Price, Great Value
